 - b. Whether it could be disclosed without causing substantial harm to the competitive position of the business.

The GMA will consider these applications in the Tender evaluation and negotiations (if any) with Bidders.

EVALUATION OF TENDERS

EVALUATION PROCESS

89. Following the Closing Time, the GMA intends to evaluate the Tenders received.

91. Without limiting the GMA's rights in the RFP, the GMA may at any time during the Tendering Process choose to:
 - a. Shortlist one or more Bidders; and
 - b. accept one or more of the Tenders.
92. Unless the Evaluation Criteria explicitly require, the GMA may, but is not in any way bound to, shortlist, to select as successful, or to accept the Tender offering the lowest price.
93. Should the GMA choose to include a short listing stage in its evaluation process, the GMA is not, at any time, required to notify Bidders or any other person or organisation interested in submitting a Tender.
94. A Bidders Response will not be deemed to be unsuccessful until such time as the Bidder is formally notified of that fact by the GMA. The commencement of negotiations by the GMA with one or more other Bidders is not to be taken as an indication that any particular Bidders Response has not been successful.

EVALUATION CRITERIA FORMAT

95. The evaluation criteria is weighted to reflect the importance of project requirements noted in the Specifications:
96. In evaluating Bidders Responses, the GMA will have regard to:
 - a. Specific evaluation criteria identified in the list below;
 - b. the overall value for money proposition presented in the Bidders Response; and
 - c. particular weighting assigned to any or all of the evaluation criteria specified below.
97. For the purposes of this RFP clause 98, 'value for money' is a measurement of financial and non-financial factors, including:
 - a. Quality levels; and
 - b. performance standards.

98. Value for money will be assessed on a 'whole of life' basis (including the transitioning-in, the contract term and the transitioning-out phases of the relationship between the GMA and a Bidder), with a view to long-term sustainability of the value for money proposition and with a focus on ensuring that value for money outcomes are promoted and protected following the conclusion of any contract that may result from this RFP.
99. Administrative compliance will be determined in accordance with the conditions listed in this RFP.
100. The evaluation criteria will be in line with the PPPFA, 2000 (Act No. 5 of 2000) and Preferential Procurement Regulations 2017.
101. Evaluation will be based on a point system and three-stage evaluation process. As a pre-requisite, a bid must comply with the requirements of the bid solicitation and meet the pre-qualification requirements before being evaluated further to next stage. The minimum threshold of the functionality evaluation criteria must also be met in order for the bid to be declared responsive and qualify to the next evaluation stage.
102. The value of this bid is estimated to be below R 50,000,000 and therefore the 80/20 preference point system shall apply. The following is the weighting awarded for each element, and the threshold score.

Evaluation element	Weighting	Threshold score
Technical proposal	100	70 Points
B-BBEE proposal	20	N/A
Price proposal	80	N/A
Total	100	

FUNCTIONALITY EVALUATION

103. The evaluation criteria for measuring functionality, and the weighting attached to each criterion is detailed in **Part B of the RFP document, Paragraph 4 of Terms of Reference**. Failure to provide adequate information for evaluation of the criteria listed below will at least result in minimal subjective consideration and may result in loss of points.
104. A minimum threshold for functionality of seventy (70) points is required. Bids that do not meet this threshold in each section will automatically be disqualified from further evaluation.

105. Thereafter, only the qualifying bids will be evaluated in terms of the 80/20 preference point system, where a maximum of 80 points are allocated for price and a maximum of 20 points are allocated in respect of the level of B-BBEE contribution of the bidder.

PRICE EVALUATION

106. Price points will be calculated on the total price proposed solution as per terms of reference.

B-BBEE EVALUATION

107. Twenty (20) points are allocated. B-BBEE rating certificates and affidavits signed under oath are applicable and points allocated in terms of the BBEE Codes of Good Practice guideline as indicated in the following table.

108. Bidders must submit valid BBEE Certificates and affidavits signed under oath which will be verified.

B-BBEE Status Level of Contributor	Number of points
1	20
2	18
3	14
4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

POINTS AWARDED FOR B-BBEE STATUS LEVEL OF CONTRIBUTION

109. The preference points claimed by each bidder for attaining the B-BBEE Status Level of Contributor will be allocated to each qualifying bid when determining the total bid score under the preference points system. The points scored by a bidder in respect of the level of B-BBEE contribution contemplated in the table above will be added to the points scored for price.

CLARIFICATION OF TENDERS

110. The GMA may seek clarification from and enter into discussions with any or all of the Bidders in relation to their Tender. The GMA may use such information in interpreting the Tender and evaluating the cost and risk in accepting the Tender. Failure to supply clarification to the satisfaction of the GMA may render the Tender liable to disqualification.

115. In addition to presentations and discussions, the GMA may request some or all Bidders to:

BEST AND FINAL OFFERS

116. Bidders or where the Tendering Process involves a short listing process, shortlisted Bidders may be invited by the GMA to submit a best and final offer in relation to all or certain aspects of their respective Tenders.

117. The GMA is under no obligation to give Bidders the opportunity to submit a best and final offer. If the GMA chooses to give Bidders the opportunity to submit a best and final offer, it is under no obligation to give notification before the Closing Time that such opportunity will be given.

118. Notwithstanding the possibility that the GMA may give Bidders the opportunity to submit a best and final offer, Bidders should be aware that the GMA will, in conducting its evaluation of Tenders, rely on all information (including all representations) contained in such Tenders. Bidders are therefore encouraged to submit their best and final offers in the first instance.

SUCCESSFUL TENDERS

NO LEGALLY BINDING CONTRACT

119. Selection as a successful Bidder does not give rise to a contract (express or implied) between the successful Bidder and the GMA for the supply of the Services. PRE-CONTRACTUAL NEGOTIATIONS

The GMA is under no obligation to appoint a successful Bidder or Bidders (as the case may be), or to enter into a contract with a successful Bidder or any other person, if it is unable to identify a Tender that complies in all relevant respects with the requirements of the GMA, or if due to changed circumstances, there is no longer a need for the Services requested, or if funds are no longer available to cover the total envisaged expenditure. For the avoidance of any doubt, in these circumstances the GMA will be free to proceed via any alternative process.

123. The GMA may conduct a debriefing session for all Bidders (successful and unsuccessful). Attendance at such debriefing session is optional.

RFP – PART B

TERMS OF REFERENCE

1. BACKGROUND INFORMATION OF THE GAUTRAIN RAPID LINK SYSTEM

1.1. The Gautrain Rapid Rail Link System

1.1.1. General Description

- a) The Bombela Concession Company (RF) (Pty) Ltd (BCC or the Concessionaire) entered into a Concession Agreement with the Gauteng Province (Province) that is represented by the Gautrain Management Agency (GMA), for the design, partial finance, construction, operation, and maintenance of the Gautrain Rapid Rail Link until 27 March 2026. Construction of the Gautrain project was completed on 7 June 2012.
- b) The Concessionaire signed an Operating Contract with Bombela Operating Company (Pty) Ltd (BOC) for the operation and maintenance of the System (Train, Station, and Bus operations). In turn, BOC entered into two subcontracts, namely a maintainer contract in terms of which the Bombela Maintenance Company (BMC) is responsible for the maintenance of the works including the existing Electrical Multiple Units (EMUs) or 4-car train sets and Mega Express which is responsible for the operation of the dedicated Gautrain bus service.
- c) The rail network comprises 82 route kms, 25kV AC electrified, and signalled standard gauge track infrastructure of which 15.3 route kms is situated underground, 10 stations, one maintenance depot and 24 4-car EMUs constructed to the UK loading gauge. The rail network layout is illustrated in Figure 1 below.

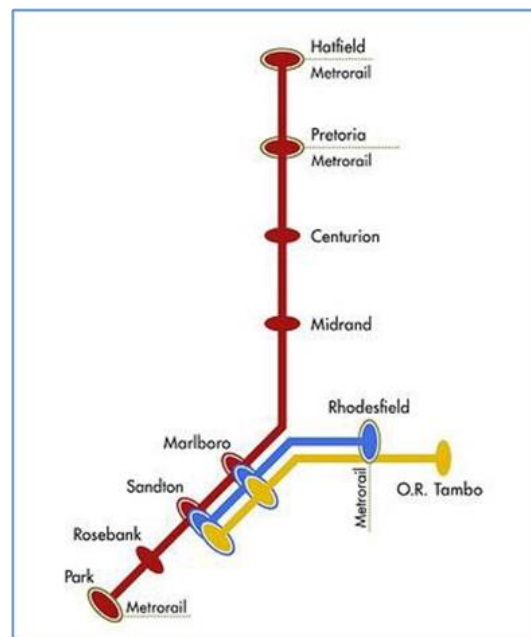

Figure 1: Diagrammatic layout of the Gautrain Rapid Rail System

- d) The Gautrain Depot is situated between Marlboro and Midrand stations on the North-South section of the System. This is where the EMUs are inspected, maintained, cleaned, and dispatched. The depot controls all train movements as well as providing a communications and control hub with the rail network, stations and tunnel equipment. BOC and BMC are both accommodated at the Gautrain Depot.

1.1.2. Description of Existing Operations

- a) BOC is contracted by the Concessionaire to execute all required operations and maintenance of the System. The Gautrain operational services or System can basically be divided into three operational areas which are namely Train services, Station operations (including park and ride or parking), as well as the dedicated bus service.
- b) BOC contracted BMC to maintain the existing EMUs and the core rail system i.e. the track, overhead catenary distribution system (OCDS), communication and signalling. Fixed assets and equipment such as elevators and escalators are the responsibility of BOC.
- c) The Gautrain Rapid Rail Link comprises 86 General Passenger Service Railcars, 10 Airport Service Railcars (a total of 96 Railcars or 24 4-car EMUs) and 10 stations.

1.1.3. System Capacity Challenges

- a) The 86 General Passenger Service Railcars and 10 Airport Service Railcars were originally intended to be phased into operations over the 15-year operating period ending in March 2026 but demand in the southbound direction on the north – south General Passenger Service reached and exceeded predicted passenger peak period demand levels much earlier than anticipated, resulting in overcrowding. Because of overcrowding, passenger demand is likely to be constrained over time. This will reduce financial sustainability and the economic benefits of the Gautrain Rapid Rail Link.
- b) The Province and the Concessionaire introduced several measures to alleviate overcrowding. However, passenger demand continues to grow, and there are few further interventions that can be made to curb overcrowding as there is a constraint on the number of EMUs (4-car train sets) available to deploy within the Gautrain Rapid Rail Link.
- c) The Concessionaire will continue to operate the existing EMUs and, while maintaining punctuality and availability standards, will not be able to fully accommodate the increasing passenger demand for the service.

1.1.4. Rolling Stock Procurement

- a) As part of the capacity strategy, the Province and the Concessionaire have identified the need to procure Additional EMUs to support future passenger growth.
- b) In order to enable the procurement and operation of Additional EMUs, the Province will be required to vary the Concession Agreement (CA) as provided for with clause 63 of the Concession Agreement. Consequently, the Province has issued the Concessionaire with a Variation Notice to procure, in consultation with the Province, Additional EMUs and the necessary additional signaling and appurtenant infrastructure and facilities required to stage, service and optimally operate the EMUs.
- c) The Additional Rolling Stock and Depot Enhancement RFP is therefore an invitation to bid for the Additional EMU Supply to be used on the Gautrain Rapid Rail Link, the Additional EMU Maintenance, the Depot Enhancement Construction and the Depot Enhancement Maintenance. The bidding process, as outlined in detail in the RFP, is open to all Pre-qualified Bidders who are willing to undertake the Project.
- d) The Province has engaged with the Development Bank of South Africa (DBSA) as mandated lead arranger to provide loan capital for the procurement.

- e) The Concessionaire, the Province and the DBSA will prepare the necessary contracts to give effect to the Variation including the Project Agreements.

1.1.5. Overview of the Additional Rolling Stock Project Procurement Structure

- a) The RFP will be issued to the Pre-qualified Bidders. The Pre-qualified Bidders may submit Bid Responses to the Concessionaire at any time after issue of the RFP until the Bid Submission Date, but the Bid Responses will only be opened after the Bid Submission Date.
- b) The RFP is divided into 2 (two) phases, being the
 - i. Phase I RFP; and
 - ii. Phase II RFP

1.1.5.1. Phase I RFP

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (Annexure G) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for GMA which wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

I, the undersigned, in submitting the accompanying bid:

_____ (Bid Number and Description)

In response to the invitation for the bid made by:

_____ (Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____

3. I am authorised by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorised by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organisation, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder.
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation);
